

## **Job Safety Analysis Worksheet**

Hazard h task, list the hazards cause injury when the is performed.  ight, Back/Muscular strains es from misuse of small ills, hammers etc.)	Risk Control Measures List the control Measures to eliminate or minimize the rinjury arising from the identification.  Implement correct digging a lifting techniques  Implement safe operation practices - Ensure electric equipment is serviceable a tagged.	Approved uired risk of iffied and aal tal	res No
Hazard  h task, list the hazards cause injury when the is performed.  ight, Back/Muscular strains  es from misuse of small ills, hammers etc.)	Risk Control Measures List the control Measures req to eliminate or minimize the r injury arising from the identi hazard.  Implement correct digging a lifting techniques  Implement safe operation practices - Ensure electric equipment is serviceable a	Approved uired risk of iffied and aal tal	Who is Responsible? Write the name of the person responisble (supervisor or above) to implement the control measure
